# OB Directorate Overview

Our mission is to reduce the WMD threat and enhance security transparency by conducting arms-control treaty monitoring and on-site inspections activities and conducting building partnership capacity (BPC) activities to provide expertise and support on WMD and nonproliferation matters to DoD, US Government agencies, and key foreign and domestic partners.

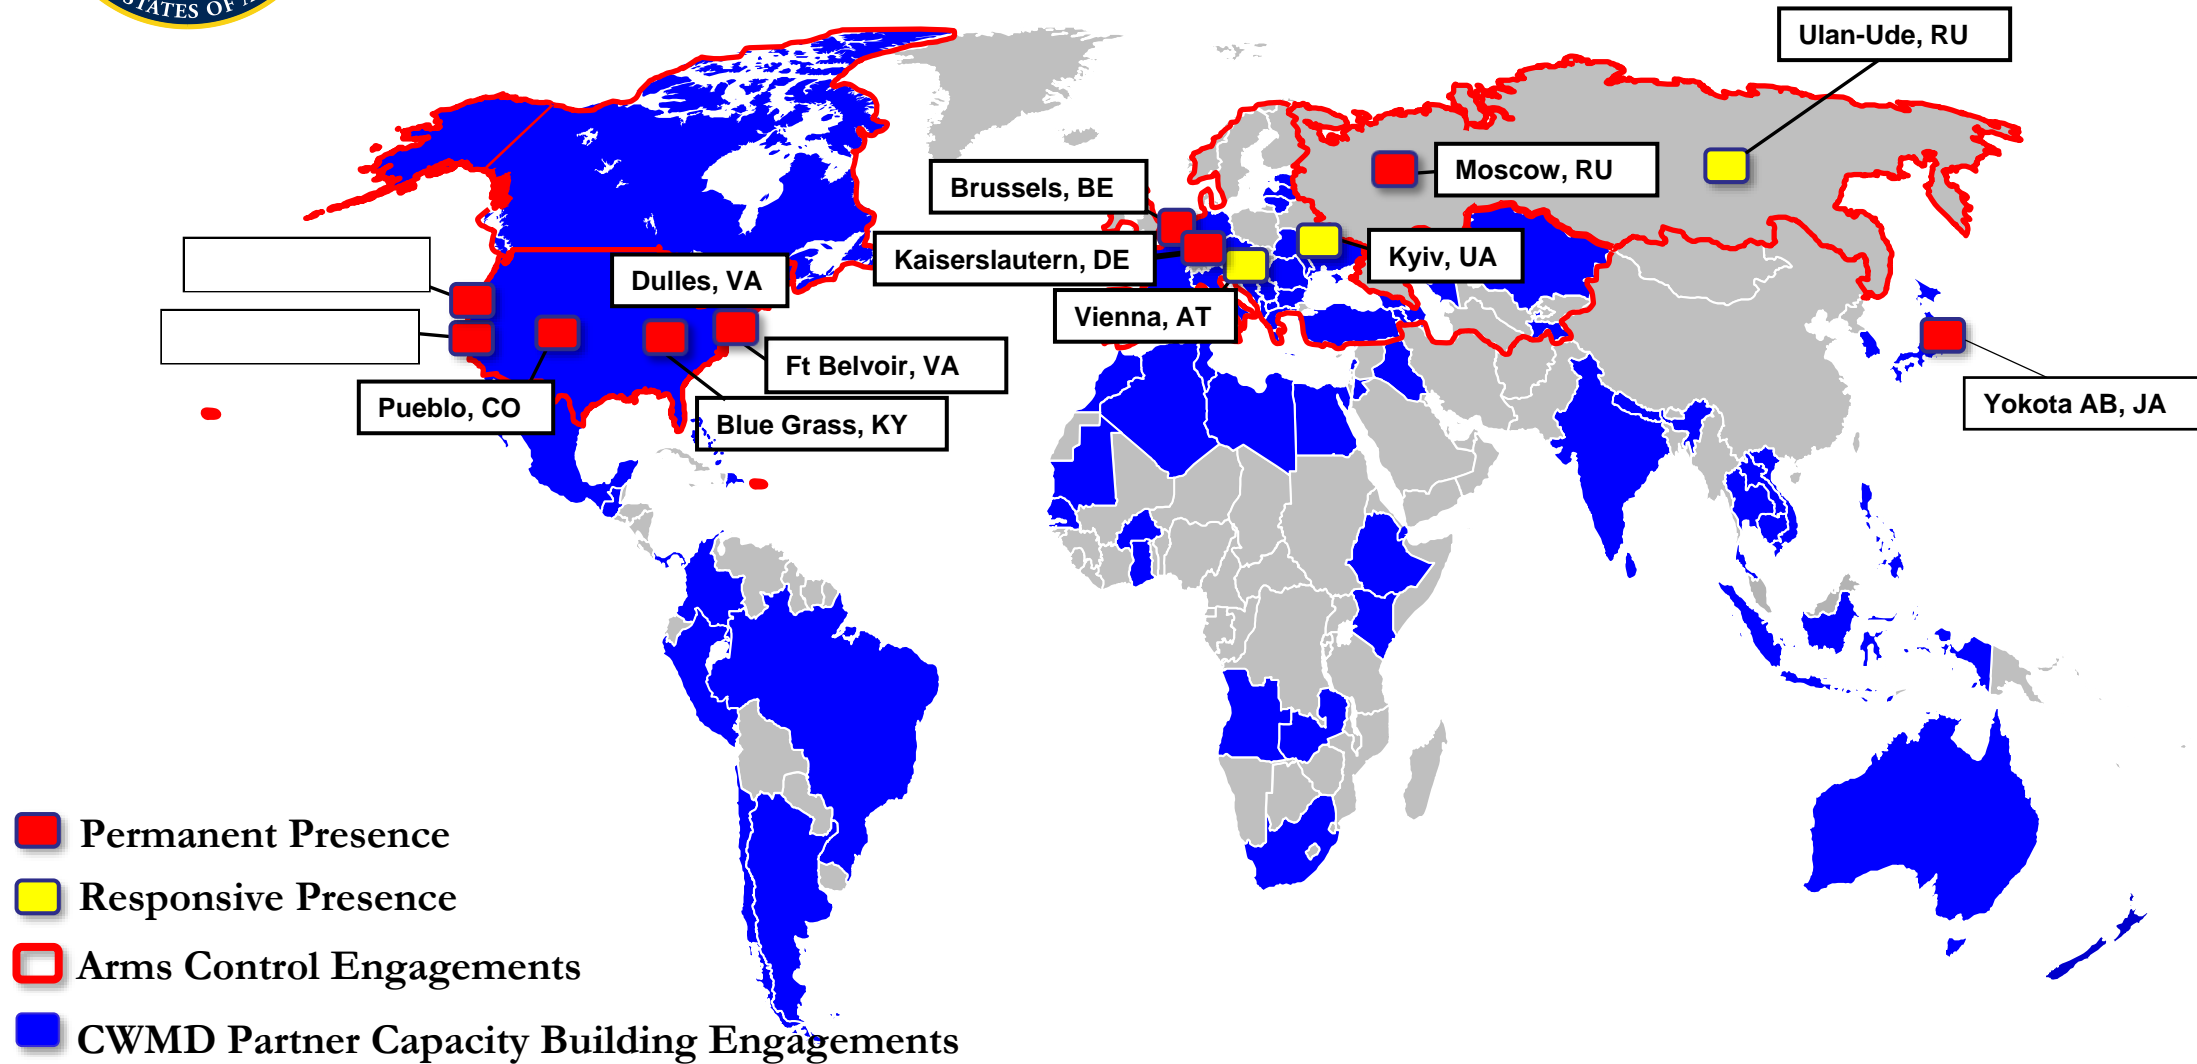

# OB Directorate Organization

# (U) Global Engagement

Unclassified

# OB Directorate Efforts – Arms Control

---

- Fulfill Arms Control Obligations and Execute Treaty Rights
  - New Strategic Arms Reduction Treaty (New START)
  - Treaty on Conventional Armed Forces in Europe (CFE)
  - Vienna Document 2011/Dayton Peace Accords (Dayton Agreement)
  - Chemical Weapon Destruction Monitoring (Pueblo, CO / Blue Grass, KY)

# Arms Control Programs - Industry Requirements

---

- Arms Control Enterprise System (ACES) operations & sustainment
- Mission Support for Chemical Weapons Inspections and Destruction Monitoring at Pueblo & Blue Grass
- Interpreter Support

# OB Directorate Efforts – Building Partner Capacity

---

- Build Partners' Counter WMD Capacity, Capability, and Political Will
  - CWMD Security Cooperation Engagement Program (CSCEP)
  - International Counterproliferation Program (ICP)
  - Proliferation Security Initiative (PSI)

# BPC Programs - Industry Requirements

---

- SME support for CWMD programs – including CBRNE handling, identification, hazard modeling/decision support, emergency response/consequence management/preparedness support, national/interagency coordination, security cooperation, counter-smuggling, law enforcement
  - A&AS support services for program analysis, planning, and management support
  - Performance support for program execution/training

# OB Directorate Future Requirements

---

- Steady-state requirements for arms control support and continually increasing demand for building partner capacity across the continuum of CWMD operations, drives an increased need for highly skilled A&AS and performer support:
  - Technical, operational, strategic
  - CBRNE, CWMD, CWMD-T, C-iWMD
  - Interagency / international coordination
  - Security cooperation
  - Information technology
  - Project / program management
