

PRIVACY IMPACT ASSESSMENT (PIA)

For the

Secure Access (SA)	
Defense Threat Reduction Agency	

SECTION 1: IS A PIA REQUIRED?

a. Will this Department of Defense (DoD) information system or electronic collection of
information (referred to as an "electronic collection" for the purpose of this form) collect,
maintain, use, and/or disseminate PII about members of the public, Federal personnel,
contractors or foreign nationals employed at U.S. military facilities internationally? Choose
one option from the choices below. (Choose (3) for foreign nationals).

	(1)	Yes, from members of the general public.
	(2)	Yes, from Federal personnel* and/or Federal contractors.
\boxtimes	(3)	Yes, from both members of the general public and Federal personnel and/or Federal contractors.
	(4)	No

b. If "No," ensure that DITPR or the authoritative database that updates DITPR is annotated for the reason(s) why a PIA is not required. If the DoD information system or electronic collection is not in DITPR, ensure that the reason(s) are recorded in appropriate documentation.

c. If "Yes," then a PIA is required. Proceed to Section 2.

^{* &}quot;Federal personnel" are referred to in the DoD IT Portfolio Repository (DITPR) as "Federal employees."

This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format. Yes **Enter OMB Control Number Enter Expiration Date** \boxtimes No f. Authority to collect information. A Federal law, Executive Order of the President (EO), or DoD requirement must authorize the collection and maintenance of a system of records. (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be the same. (2) Cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply.) (a) Whenever possible, cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII. (b) If a specific statute or EO does not exist, determine if an indirect statutory authority can be cited. An indirect authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records. (c) DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component should be identified. 42 U.S.C. 2165 The Atomic Energy Act of 1954; 50 U.S.C. 797, The Internal Security Act of 1950; E.O. 10450, "Security Requirements for Government Employees," April 27, 1953, as amended; E.O. 12958 "Classified National Security Information," April 17, 1995, as amended; and E.O. 9397, "Numbering System for Federal Accounts Relating to Individual Persons," November 22, 1943.

e. Does this DoD information system or electronic collection have an OMB Control Number? Contact the Component Information Management Control Officer or DoD Clearance Officer for this information.

g.	Summary of DoD information	system or electronic	collection. Answer	s to these questions
sh	ould be consistent with securit	ty guidelines for relea	ase of information to	o the public.

(1)	Describe the	e purpose o	of this DoD	information	system or	electronic	collection	and b	oriefly
des	cribe the typ	es of perso	onal informa	ition about i	ndividuals	collected in	n the syste	em.	

The system is used by officials and employees of the Defense Threat Reduction Agency (DTRA) in the performance of their official duties related to determining the eligibility of individuals for access to classified information, access to buildings and facilities, or to conferences over which DTRA has security responsibility.

The system includes: name, social security number, date and place of birth, citizenship, grade/rank, service, organization, security clearance-related information, vehicle ID and decal number, picture identification, correspondence concerning adjudication/passing of clearances/accesses, and it identifies security managers and personnel authorized to request area access/badge/local area network.

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

The potential of mishandling privacy information is low. DTRA has a mandatory requirement tracked by the DTRA Learning Management System (LMS) for all individuals to complete Privacy Act Training. System access is monitored by system administrators and routinely checked for access requirements. All system users are required to justify their access via their supervisor and digitally sign an acknowledge statement about the sensitivity of the data to which they will have access.

h. With whom will the PII be shared through data exchange, both within you	r DoD Component and
outside your Component (e.g., other DoD Components, Federal Agencies)?	Indicate all that apply.

	within the	DOD Component.
	Specify.	Security and Counterintelligence Staff and System Access Controllers.
\boxtimes	Other DoD C	Components.
	Specify.	Security and Counterintelligence Staff
\boxtimes	Other Feder	al Agencies.
	Specify.	Security and Counterintelligence Staff
\boxtimes	State and Lo	ocal Agencies.
	Specify.	Law enforcement
\boxtimes	Contractor	(Enter name and describe the language in the contract that safeguards PII.)
	Specify.	Contractors have access to the information when required by contract performance requirements. When this is the case, applicable provisions as required by Federal Acquisition Regulations (FAR) 24.1, Protection of Individual Privacy, are included in the contract.
	Other (e.g.,	commercial providers, colleges).

Do individuals h		
	ave the opportunity	y to object to the collection of their PII?
⊠ Yes		No
